

St Thomas of Canterbury Catholic Primary School

'To Love and To Serve'

Accessibility Plan

Review Date: May 2019

1. Vision Statement:

Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

At St. Thomas of Canterbury Catholic Primary School we are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

The School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

St Thomas of Canterbury Catholic Primary School Accessibility Plan shows how access is to be improved for pupils, staff and visitors to the school with disabilities. This is within a given timeframe and anticipates the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan contains relevant and timely actions to:-

- Increase access to the curriculum for pupils with a disability, expanding the **curriculum** as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or schools visits – it also covers the provision of specialist or **auxiliary aids and equipment**, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
- Improve and maintain access to the **physical environment** of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
- Improve the delivery of **written information** to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

The School Plan relates to the key aspects of physical environment, curriculum and written information.

Whole school training will recognize the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

This Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Asset Management Plan
- Behaviour Management Policy
- Curriculum Policy
- Critical Incident Plan
- Equal Opportunities Policy
- Health & Safety Policy
- Equality Plan – DF and SM
- School Prospectus
- School Improvement Plan
- Special Educational Needs Policy
- CPD Policy

The Accessibility Plan for physical accessibility relates to the Access Audit of the School, which remains the responsibility of the governing body. It may not be feasible to undertake all of the works during the life of this accessibility plan and therefore some items will roll forward into subsequent plans. An accessibility audit will be completed by the school prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the ongoing period.

The terms of reference for all governors' committees will include the need to consider Equality and Diversity issues as required by the Equality Act 2010.

The Accessibility Plan will be published on the school website.

The Accessibility Plan will be monitored through the Governor Finance and Premises Committee

The school will work in partnership with the Local Authority in developing and implementing this Accessibility Plan.

The Accessibility Plan may be monitored by Ofsted during inspection processes in relation to Schedule 10 of the Equality Act 2010.

Approved _____

Date 11th May 2017

2. Aims and Objectives

Our Aims are:

- **Increase access to the curriculum for pupils with a disability,**
- **Improve and maintain access to the physical environment**
- **Improve the delivery of written information to pupils,**

Our objectives are detailed in the Action Plan below

3. Current Good Practice

We aim to ask about any disability or health condition in early communications with new parents and carers. For parents and carers of children already at the school, we collect information on disability as part of a survey of parents' views, or in conjunction with a letter home about a parents' evening.

Physical Environment

Disabled pupils participate in extra-curricular activities. Some aspects of extra-curricular activities present particular challenges, for example: lunch and break times for pupils with social/interaction impairments, after-school clubs for pupils with physical impairments, school trips for pupils with medical needs; the school grounds are single storey and all pupils can freely access all areas. All entrances have sloped access except for the entrance to Year 2 cloak room however there is an alternative entrance nearby. The fire exits from the Gym and one year 6 classroom have steps. This is identified in our evacuation procedure. The school is aware that wheelchair access through the gym could be problematic. This will be addressed in the Easter Holidays 2016.

Curriculum

There are areas of the curriculum to which disabled pupils have limited or no access. Some areas of the curriculum present particular challenges, for example: PE for pupils with a physical impairment, science and technology for pupils with a visual impairment, humanities for pupils with learning difficulties. Other issues affect the participation of disabled pupils, for example: bullying, peer relationships, policies on the administration of medicines, the provision of personal care, the presence or lack of role models or images of disabled people, in effect, all the school's policies and procedures, written and unwritten.

Information

Different forms of communication are made available to enable all disabled pupils to express their views and to hear the views of others. Access to information is available, in a range of formats for disabled pupils, parents and staff, when necessary.

4. Access Audit

The school is single storey building with wide corridors and several access points from outside. All areas are all on the ground floor which wide door access to all rooms. The hall is on the ground floor and is accessible to all.

The main staffroom has stair access to a mezzanine floor. There is an alternative relaxation area in the 'purple room'.

On-site car parking for staff and visitor includes one dedicated disabled parking bay. All entrances to the school are either flat or ramped and all have wide doors fitted. There are three disabled toilet facilities available. The school has internal emergency signage and escape routes are clearly marked.

5. Management, coordination and implementation

- The Governors and Senior Leadership Team will work closely with the Local Authority and Diocese.
- We will consult with experts when new situations regarding pupils with disabilities are experienced.

6. Action Plan

Please refer to following pages;

- **Aim 1:** To increase the extent to which disabled pupils can participate in the school curriculum.
- **Aim 2:** To improve the physical environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services.
- **Aim 3:** To improve the delivery of information to disabled pupils and parents.

Aim 1 To increase the extent to which disabled pupils can participate in the school curriculum.

Our key objective is to reduce and eliminate barriers to access to the curriculum and to ensure full participation in the school community for pupils, and prospective pupils, with a disability.

	Targets	Strategies	Timescale	Responsibilities	Success Criteria
Short Term	To liaise with Nursery providers to review potential intake for Sept 16 Class teachers to liaise as pupils move from one year group to another	To identify pupils who may need additional to or different from provision for Sept 16 intake as indicated in our Transition Policy.	Sept 2016/2017 June 2016	HT AHT EYFS teacher Inclusion Manager Class teachers	Procedures/equipment/ ideas set in place by Sept 2016.
	To review all statutory policies to ensure that they reflect inclusive practice and procedure	To comply with the Equality Act 2010	Ongoing 2016/17	HT All subject leaders	All policies clearly reflect inclusive practice and procedure
