

Mobile Phone Policy

Rationale

St Thomas of Canterbury RC Primary School is committed to ensuring the safety of children in its care. We recognise the importance of mobile phones in school for communication purposes, but are aware that casual or inappropriate use of mobile phones in the school could pose a risk to children and adults.

The aim is to avoid distraction and disruption of the working day, and to minimise the opportunities for any individual to make any covert images or misuse functions in any other way.

This policy applies to all staff, volunteers and visitors.

Please note that for the purposes of this policy, the term 'mobile phone' also covers any electronic device with the capacity to be used as a form of communication, either through the device itself or any applications stored on the device.

Staff Personal Mobile Phones

- Staff will not carry personal mobile phones while working. This protects staff from being distracted from their work and from allegations of inappropriate use. Phones must be safely stored out of sight of children and should be on silent so that they cannot be heard by children.
- If staff have a break time during their working hours, they may use their mobile phones during these times, but this must not be in an area where children are present.
- In an emergency, staff needing to make or receive a personal call during a lesson time or whilst on duty should first obtain agreement from their line manager, ensure that adequate cover has been put in place and make/receive the call in an area not used by children.
- Staff must give the school telephone number to their next of kin in case it is necessary for the staff member to be contacted, in an emergency, during school working hours.
- A personal mobile phone may be taken on school outings in accordance with guidance – see 'The Use of Mobile Phones on School Trips' section below.
- Camera or video functions on personal mobile phones must not be used in the school by staff to take images of children under any circumstances.
- Staff should not be required to make work calls on their own phones, either mobile or landline, however if this should be necessary then they are advised to use the prefix 141 before dialling the recipients number to ensure their own number is protected.
- Failure by staff to comply with the mobile phone policy guidelines could result in disciplinary action.

Children

- Children are not permitted to bring a mobile phone to school.
- If a member of the staff has any suspicion that a mobile phone brought into school by a pupil they will be required to hand it to a member of senior staff and their parents will be contacted to collect it.
- If a member of the staff has any suspicion that a mobile phone brought into school by a pupil has unsuitable material stored on it, the pupil will be required to hand over the phone

immediately to a member of staff and parents will be asked to collect it from a member of the SLT.

- In circumstances where there is a suspicion that the material on the mobile phone may provide evidence relating to a criminal offence the phone will be handed over to the school's DSL or Headteacher for further investigation and the parent/carer asked to collect it from them.

Visitors and Parents/Carers

- The school will display a notice advising visitors and parents/carers that mobile phones are not to be used in all necessary areas. This includes all uses including phone calls, texting and photographing. If a visitor or parent/carer is seen using their mobile phone, they will be asked politely to turn it off/desist from using it/remove it from children's view.
- It is recognised that many parents/carers use their mobile phone as a camera/video device to record their child at special performances in school e.g. class assemblies, concerts, etc. On these occasions the use of a phone will be permitted for photographing/videoing only; a member of staff will always remind parents/carers before a performance that images should only be taken if they include their own child and that the use of these images is for their own personal use and must not be uploaded for any internet use including Facebook or any other social networking sites or used in any form of publication unless they are solely of their own child.
- The school recognises that children may inadvertently be included in photographs by another parent; the school, therefore, is obliged to warn parents of the legal and safeguarding risks of publishing such photographs on any platform. The placing of any photographs of children on social media is dangerous and parents may be in breach of the Data Protection Act if they upload photos of other children without the explicit consent of that child's parents.

The Caretaker's Mobile Phone

- This mobile phone is for use solely by the school's caretaker and must not be used by any other member of staff or persons not employed by the school.
- It is the caretaker's responsibility to ensure that this phone is kept safely on his/her person at all times and is only used for school business.
- This phone is for receiving calls regarding school business and must not be used for personal calls.
- This phone must not be used for taking photographs or videoing at any time.
- The caretaker will make every possible effort to ensure that this phone is not used when pupils are present, however it must be recognised that this may not always be possible.

The Use of Mobile Phones on School Trips

The school recognises that the use of mobile phones on school trips can be beneficial in ensuring safety for all members of the school party. However, it is important that the following guidance is adhered to in order to keep children safe and protect staff and volunteers from accusations of inappropriate use.

Members of staff and volunteers may carry their own, personal mobile phones within the following guidelines:

- Personal phones should only be used to contact staff members or volunteers on the trip, the school or emergency services. If possible these calls should be made away from pupils.
- Personal phones should not be used for any purpose other than school business for the duration of a day trip. This means that personal calls or texts should not be made or accepted. On residential trips this will apply while the member of staff or volunteer is on duty. Staff and volunteers should ensure that next of kin are provided with the school number so that in an emergency the school is contacted and will make contact with the relevant person through the party leader.
- If it becomes necessary for a member of staff or volunteer to make a personal call or text, then the party leader or another member of staff should be informed and take responsibility for the pupils in the group while the call or text is made away from sight and sound of any pupils.
- Mobile phones must not be used under any circumstances to take photographs or videos of pupils. Volunteers are acting as staff members for the duration of the trip and therefore must not take photos or videos of any pupils, including their own child, using a mobile phone or any other mobile device, e.g. cameras or ipads, without the express permission of the party leader. Volunteers may be asked to take photographs of their group using a school camera – this must be passed back to the party leader at the end of the trip.
- The party leader may ask volunteers to provide them with their mobile phone number for the duration of the trip so that they can be contacted in case of emergency. The party leader undertakes to ensure that these numbers or not held on any mobile device or in any written form after the end of the trip.
- It is advised that if the party leader is using his/her own mobile phone, then if they need to contact anyone during the trip they do so by pre-dialling 141 (some mobile providers use a different prefix – staff are advised to check this with their provider) before the number so that their own number remains protected.
